ABOUT FOREX

Forex Trading, also known as foreign exchange trading or currency trading, is the process of buying and selling currencies on the global market with the goal of making a profit. It is the largest and most liquid financial market in the world, with a daily trading volume exceeding \$7 trillion.

Forex trading involves the simultaneous exchange of one currency for another, such as USD/EUR or GBP/JPY. Traders speculate on the movement of currency pairs, aiming to profit from fluctuations in exchange rates.

Unlike stock markets, the forex market operates 24 hours a day, five days a week, across major financial centers in London, New York, Tokyo, and Sydney. It is accessible to individual traders, institutions, and corporations, thanks to modern online platforms and mobile apps.

SKY PRO FX

KEY FEATURES OF FOREX TRADING

- High liquidity and real-time trading
- Leverage opportunities to maximize profits
- Low entry barriers with micro and mini accounts
- Diverse trading instruments including majors, minors, and exotics
- Global accessibility and flexible trading hours

Forex trading offers both opportunities and risks. With proper education, strategy, and risk management, it can be a powerful tool for financial growth and diversification.
